

MOTORIZED BLINDS ORDERING GUIDELINES

STRING LIGHTS
OUTDOOR

Step by Step Guide to Ordering Your String Lights Outdoor Motorised Blinds

You can make sure you have the right dimensions for the Motorised Blinds by reading **Measuring guide** on page 2.

You can then choose the colour for **the fabric** by following the links below:
[Link 1](#) | [Link 2](#) | [Link 3](#) (without a surcharge)
[Link 4](#) (with a surcharge)

Once you have decided the dimensions of the product, get in contact with one of our team members with this information for a price quotation by emailing **contact@stringlightsoutdoor.com** or calling 281.720.7272

Once you receive a quotation, inform our team that you would like to make an order. They will prepare a special order form which you can take to your local **Dealer** branch to make a payment. Complete your order by following the instructions on the special order form.

The **String Outdoor** team will arrange a site survey to check the site for installation and will confirm all final details with you such as measurements, colours and technical details.

Enjoy your Motorised Blinds and making use of your outdoor space in all weather conditions!

As part of our **5-year warranty**, we will visit your Motorised Blinds and carry out checks as required. During this period we provide free servicing of your Motorised Blinds.

Your Motorised Blinds will be installed either on the date of delivery or soon after depending on weather conditions.

Your Motorised Blinds will be delivered at a date previously arranged.

The **String Outdoor** team will keep you updated with every stage of your order, including delivery and installation from this point on.

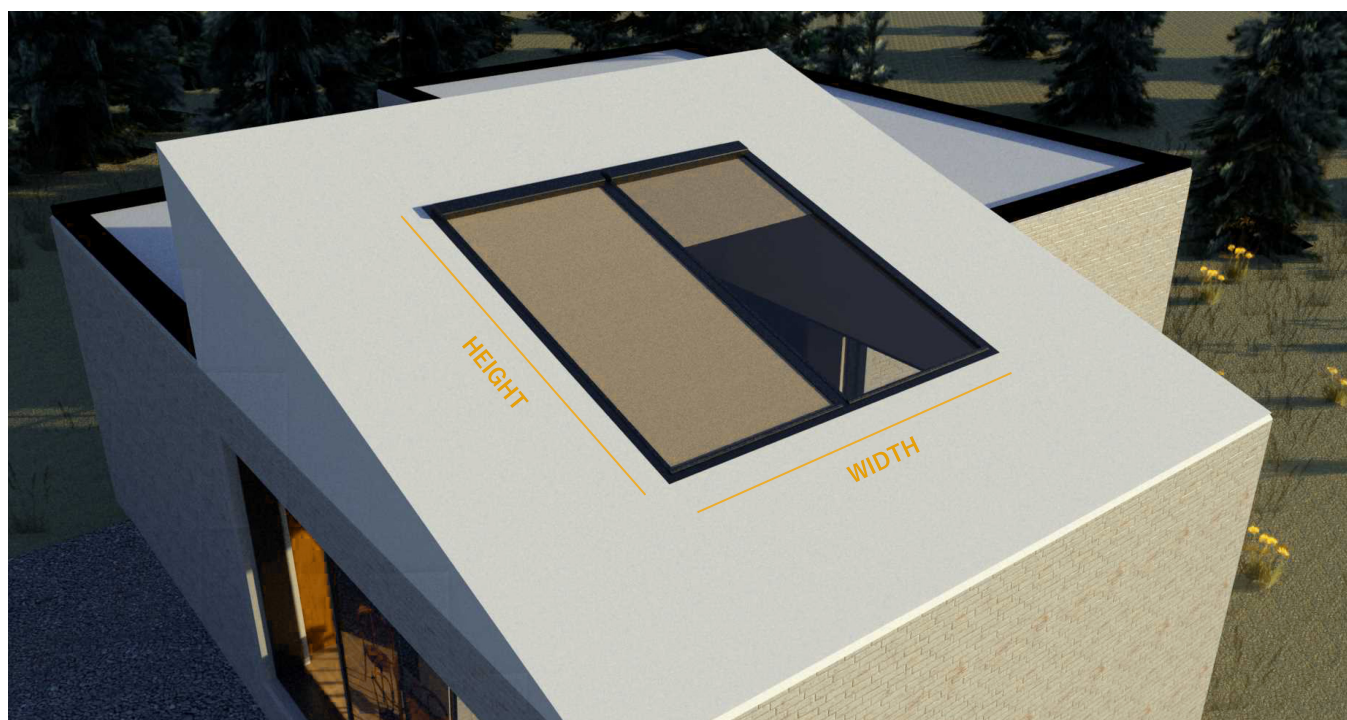

Prior to delivery or installation, please make sure you have read **The Preparation Guide** on-page 3 of this document and all requirements have been carried out.

Measuring Guide

Step by Step Measurement

- 1** Measure the total width and height in mm which is the measurement along with the space that you would like to cover Motorised Blinds.
- 2** It would be helpful to also share a photograph of the area with the String Lights Outdoor team via email.
- 3** Please communicate this information to one of our advisors by emailing **contact@stringlightsoutdoor.com** or you may call our office directly on 28`1.720.7272

The Preparation Guide

Prior to coming for installation, we would like to inform you of a few requirements to ensure a speedy and safe installation of your Motorised Blinds. Please make sure you read this guide carefully.

Allow Access & Clear the Site

To allow safe delivery you will need to make sure there is clear access of the route from the vehicle to the point of delivery. Deliveries are made to the nearest accessible point. You will need to remove all debris and ensure there are no tripping hazards on the pathways around the property. Please ensure that we are informed of any access issues i.e. restricted access, gradients, gravel driveways etc. Our team will require sufficient space around the installation site which is unique to each site and project. This will be noted by our technician during his/her survey, so please make sure you move anything that may be in the way as is instructed by our team during the survey. Any special circumstances will also be taken into consideration at this point. We kindly ask you to create a comfortable working space for our team.

Electrical Requirements

You will need a power outlet to connect the Motorised Blinds. Please note, we would need all electrical requirements to be carried out by an electrician. We will commission roof, setting limits etc leaving tails hanging for your electrician to connect to the power supply. Once you make an order our team will send you detailed information about the electrical requirements for your Motorised Blinds which you can pass onto your electrician. Our technician will also provide firsthand advice about this during the final site survey.
